

01 Scene-Grounding ETC

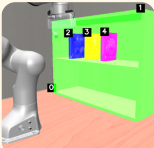

Sequence in 3D space → Camera Calibration → 

02 Task-Oriented ETC

Affordance:  [295, 397]

Planning:  Sim

03 Action-Aligned Planning ETC

Spatial Understanding: 

- Front/Back: in front
- Up/Down: slightly above
- Left/Right: centered around it

Object description: 

- The tile with three dots.
- Locate the 3-pin.
- [250, 218, 288, 255].

01 Coffee Bag

Real-world setup 

Predict the trajectory of:
Pick up the COL beans.

Generated coordinates: `[[<loc_128>, <loc_612>], [<loc_230>, <loc_590>], [<loc_333>, <loc_569>], [<loc_410>, <loc_547>], [<loc_486>, <loc_533>]]`

02 Flower

Real-world setup 

Generated 

Replace the monstera with lily.

Generated coordinates: `[551, 11, 17, 931]`

03 BBQ

Real-world setup 

Given the bounding box, is this region suitable for a stable grasp?

Yes.

Yes.
